

OMNI WATCH

UNIVERSAL WATCH SECURITY

Display and protect all of your wearables with our new universal watch cradle. The Omni Watch connects to the universal watch stand and comes with multiple inserts to accommodate most watch charging puck size needs.

Enhanced Customer Experience

Omni Watch allows customers to fully interact with watches while being fully secured with a security sensor.

Customers can lift the watch from the pedestal and try it on without a store associates assistance.

Sleek Display

The Omni Watch optimizes wire management for a clean presentation. Fit any OEM watch charger onto the Omni Watch and hide those unsightly wires.

The magnetic shelf of the Omni Watch attaches to our wearable security sensor to ensure the device is always centered when displayed.

UNIVERSAL COMPATIBILITY

APPLE
SAMSUNG
GARMIN
GIZMO
FITBIT
...AND MORE!

Easy Installation

Simple installation and efficient remerchandising. Omni Watch integrates with VPG sensors and stands for seamless transitions.
