# CR338 SERIES

ADAPTABLE. PROTECTION.

The CR338 Series is where adaptable security meets a sleek modern design! This series is cost-effective while still offering the flexibility to meet the unique customer experiences of your store. Equipped with a cut-resistant cable and ready for inductive charging, it is prepared for the future of security technology.

Product Flexibility

Not only can the CR338 Series rotate the device 360°, but its enhanced user-friendly display offers customers a chance to interact with the merchandise as they would in their daily life.

The CR338 Series is developed for adaptability to future technology, making it a complete package for any store.
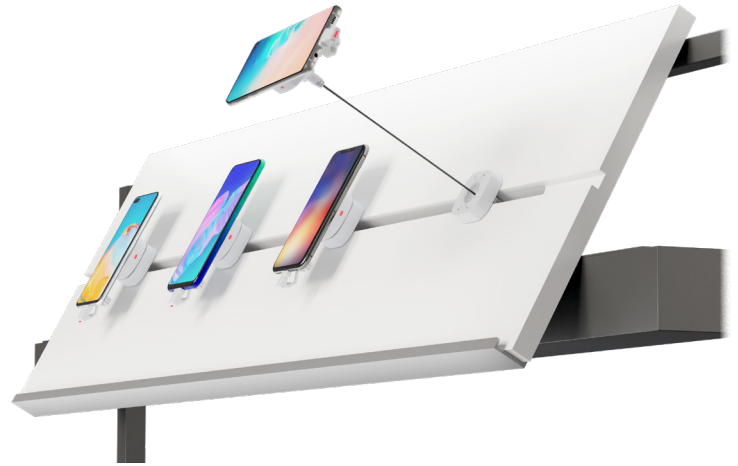

Quick Release

In a matter of seconds, store associates can quickly remerchandise a position with a new product. They can also untether the merchandise for a hands-on customer experience.

The quick disconnect makes nighttime storage super convenient!

IR Keyfob

VPG's IR Keyfob is the most cost-effective key available in the industry. Stores can arm and disarm the CR338 Series within one foot of the alarm unit to give store associates touchless control.

Phone and Tablet Compatible

Display your smartphones and tablets right next to each other with the same minimalistic display. They can get fully secured with the same pedestal and sensor.

POWERED BY INNOVATION.
SECURED BY EXPERIENCE.

VPG

Cut-Resistant Cable

The cut-resistant cord reel gives customers the flexibility to interact with the secured mobile device.

The cord reel contains metal fibers which make for a more durable cable.

Optional Features

Wireless Charging Sensor

For the latest innovative phones and tablets that hit the market, the CR338 Series features an option to be equipped with Wireless Charging.

No power couplers are needed! It charges the device every time it is resting on the pedestal.

Bracket Compatibility

2-Arm and 4-Arm brackets complement the sensor and serve as a deterrent to theft.

The brackets will not scratch the device and protect it from being damaged.

POWERED BY INNOVATION.
SECURED BY EXPERIENCE.
